

Over One Million Lives Transformed

From the beginning, it's been our mission to end the water crisis in Uganda, and we are just getting started. Each passing year, the foundation of Wells of Life grows stronger, as we expand across 3 continents – creating a world with safe access to clean water for all.

Since 2010, Wells of Life has drilled or rehabilitated over 1,300+ wells across 30 districts of Uganda, Transforming 1,300,000 lives and counting!

"The King will reply, 'Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.'"
Matthew 25:40

Wells of Life

Every Drop Matters. Every Second Counts.

Our Mission

Wells of Life is a faith-based nonprofit organization that provides safe access to clean, sustainable drinking water in the communities of rural Uganda. Our desire is to improve quality of life, one well at a time. We offer 3 main programs for you to support: **New Wells, Operation Restoration, and The Healthy Village Program.** When you give clean water, you give time, opportunity, and empowerment. When a community receives safe access to clean water, they are given the resources of health, hygiene, and time to create a more sustainable society.

Our Programs

NEW WELLS: A new well can be the difference between life and death. Safe access to clean water creates sustainable communities. When you give clean water you give time, opportunity, education, and empowerment. When a community receives clean water, they are given the resources of health, hygiene, and time to create a more sustainable society. **Cost: \$8,000**

OPERATION RESTORATION: Can you imagine the frustration of living in a community with a broken water well? Like a car, wells require regular maintenance, which is why Wells of Life makes it a priority to restore abandoned wells – **no matter who** drilled them. We use the highest quality materials to restore each well like new. **Cost: \$4,000**

HEALTHY VILLAGE PROGRAM: The extensive 6-month training in village communities includes in-depth training and education on the necessities for sanitation and hygiene. Main Focuses: Personal latrines for each household, Private bathing stations for women and girls, Handwashing stations next to the latrines, Dishwashing racks to prevent dishes from drying out on the dirty ground, Training on how to maintain a clean household environment. **Cost: \$8,000**

”

Solving the world water crisis is both the greatest challenge and the greatest opportunity our world has today. With a champion, it is one cause that can be accomplished in the next decade... will you be that champion?

Why Wells of Life

Lasting Impact: With Wells of Life, your donation directly transforms lives by providing sustainable access to clean water; improving health, education, and economic opportunities for generations.

Transparency and Accountability: Wells of Life operates with utmost transparency and accountability, ensuring that your contribution goes directly towards drilling wells and implementing water projects in communities in need, with measurable results and impact.

Community-Centered Approach: Wells of Life prioritizes community involvement and empowerment, working closely with local Ugandan partners and community members to ensure the long-term success and sustainability of water projects, fostering self-reliance and resilience within communities.

"Clean water is steps from my home. Learning is my passion, and now I can go to school every day without fear" - Mirembe, 14
